

PROGRAM AT A GLANCE - IX LATIN AMERICAN COURSE ON LYSOSOMAL STORAGE DISEASES 2026 – ANTIGUA, GUATEMALA

	SEP 14 - Monday	SEP 15 - Tuesday	SEP 16 - Wednesday	SEP 17 - Thursday	SEP 18 - Friday	
08:00 – 08:40	Arrivals	SESSION 2 (Chair: TBD)	SESSION 6 (Chair: TBD)	SESSION 8 (Chair: TBD)	SESSION 12 (Chair: TBD)	
08:40 – 09:20		Aspects and Management of Gaucher Disease	Laboratory Diagnosis of MPS and Related Diseases	Niemann Pick C and other Lysosomal Transport Diseases	Presentation of selected cases by the students and discussion with faculty members <i>Discussion with all faculty members</i>	
09:20 – 10:00		Laboratory Diagnosis of Gaucher Disease	Treatment for MPS and Related Diseases	GM1 and GM2 Ceroid Lipofuscinoses		
10:00 – 10:30		Acid Sphingomyelinase Deficiency	Hematopoietic Stem Cell Transplantation in LDs	MLD, Krabbe and other Leukodystrophies		
10:00 – 10:30		Official Picture / Coffee Break	Coffee Break	Coffee Break	Coffee Break	
10:30 – 11:10		SESSION 3 (Chair: TBD)	SESSION 7 (Chair: TBD)	SESSION 9 (Chair: TBD)	SESSION 13 (Chair: TBD)	
11:10 – 11:50		Clinical Aspects and Management of Pompe	Clinical Aspects and Management of Fabry	Inflammation and LDs	Gene Therapy for LDs	
11:50 – 12:30		Laboratory Diagnosis of Pompe Disease	Laboratory Diagnosis of Fabry Disease	Drug Development Process from Bench to Pharmacy	Genome Editing for LDs	
12:30 – 14:00		Clinical Aspects of MPS and Related Diseases	Key Questions on Gaucher, Fabry and Pompe Disease	Modifier Genes in Lysosomal Diseases	Key Takeaways Closure	
12:30 – 14:00		Lunch at hotel	Lunch at hotel	Lunch at hotel	Lunch at hotel	
14:00 – 14:40	Secretary Open (from 14:00)	SESSION 4 (Chair: TBD)	Networking Afternoon and Evening	SESSION 10 (Chair: TBD)	Departures	
14:40 – 15:20		Alpha-Mannosidosis and other Glycoproteinoses		Neonatal Screening for LDs		
15:20 – 16:00		Hotel check-in (from 15:00)		Mechanism of Neurodegeneration in LSDs		Diagnosis of LDs in the Multiomic Era
16:00 – 16:30		Welcome Coffee (from 15:30)		Variant Interpretation Guidelines for LDs		What an Emerging LSD Specialist Should Understand?
16:00 – 16:30	SESSION 1 (Chair: TBD)	Coffee Break		Coffee Break		
16:30 – 17:10	Cell Biology and Biochemistry of Lysosomes	SESSION 5 (Chair: TBD)		SESSION 11 (Chair: TBD)		
17:10 – 17:50	Pathophysiology of LDs	Group work: Preliminary presentation of cases by delegates in small groups (Supervised by faculty members)		Group work (cont.): Preliminary presentation of cases by delegates in small groups (Supervised by faculty members)		
17:50 – 18:30	Clinical Overview and Genetic Aspects of LDs	Free time		Free time		
Evening	Dinner at hotel	Dinner at hotel		Group Dinner offsite
